

Out of Contract Rates

All customers will be placed on our Out of Contract rates should no renewal or alternative contract be agreed. These rates will remain in place for as long as Crown Gas and Power remain the active gas supplier to your meter point. Out of Contract rates are generally more expensive than contracted rates.

Our previous Out of Contract Rates were 13.9ppkWh. As of 1st January 2022, our Out of Contract rates changed to the following, these rates exclude prevailing VAT and Climate Change Levies (CCL):

Invoice Charges	Micro Business	Non-Micro Business
Unit Rate (p/kWh):	16.9 p/kWh	16.9 p/kWh
Daily Standing Charge (£/day):	Site Specific*	Site Specific *

*In accordance with our Terms and Conditions Crown Gas and Power reserves the right to review the Daily Standing Charge should there be an increase to our operating costs.
